

HealthFirst Wellness Station Cebu Launch

ActiveOne Health Inc. and Reliance Health Services Inc (RHSI) ends the year with a bang as they formally opened its latest clinic for kababayans in Cebu City last December 2, 2016. Located at the ground floor level I2 building, IT Park at Lahug, the event was participated in by top management from ActiveOne and RHSI as they introduce the newly-opened clinic to clients with a primary goal to propagate wellness in every workplace.

The HealthFirst Wellness Station in Cebu is the second stand-alone clinic from ActiveOne Health, Inc. in the span of two years; the first of which is the Wellness Station in Bonifacio Global City in Taguig, Metro Manila. It is part of a five year plan expansion program spearheaded by ActiveOne Health Inc., through the RHSI group. *“ We intend to bring the ActiveOne brand of service to our partners here in Cebu to help ensure that a healthy work environment and individual wellness is in place”*, as discussed by Mr. Tony Castillo, President of ActiveOne Health Inc. *“ Our partners can expect us to be with them as one of their premium health provider as we continue to build clinics in other major cities in the country”*, added by Mr. Castillo.

Also attending the launch were about 30 VIPs from various industries that included BPO, IT solutions, brokers and insurance companies. Guests were given a tour of the clinic to introduce them to laboratory and diagnostic services available. The Cebu HealthFirst Wellness Station's services include Primary Care and Specialist consultations, laboratory services, treadmill stress test, ultrasound, x-ray and dental services. With the current spectrum of services, the Wellness Station is capable of

providing Pre-employment, Annual Physical Exam as well as Executive check-up packages. These medical procedures can be done in the wellness station which is right in the vicinity of the patients' corporate offices at the IT Park which is home to over a hundred I.T. companies and related services and host to over 70 percent of Cebu's business process outsourcing (BPO) industry.

HealthFirst Cebu's clinic operation is headed by Mr. Imond Carl Putong RN OHN, along with a group of well-trained nurses and doctors ready to provide medical examination assistance to clients and walk-in patients alike. The HealthFirst Wellness Station introduces clients to holistic approach to healthcare, supporting employees in taking responsibility for their own health and well-being. Ease and comfort is offered to patients as there is almost no waiting time and the results of each test is readily available within the day or may be viewed online through the HealthMetrics®. The clinic is open from 8am to 5pm, Mondays to Fridays and 8am to 12 noon during Saturdays.

Incorporated in 2004, ActiveOne offers premium health services to premier institutions, managing more than 200 on-site clinic facilities for over 50 corporate clients all over the Philippines. These clinics are manned by more than 1,700 occupational health nurses and physicians, servicing over 200,000 employees across industries, including business process outsourcing, contact center, semi-conductor, electronics, consumer and industrial manufacturing and oil and gas services among others.
